

FREDERICK DOUGLASS FAMILY FOUNDATION

March 8, 2011

The Honorable Harry Reid
United States Senate
522 Hart Senate Office Building
Washington, DC 20510-2803

Dear Senator Reid:

I'm writing to thank you for calling an end to legalized prostitution in Nevada. We encourage all other elected officials in Nevada (or those campaigning for election) to consider doing the same. Now is the time to confidently promote Nevada's multi-billion dollar investments that have produced the most spectacular vacation destinations on earth in lieu of tired slogans that boast access to prostitution with a wink and a nod.

Legalized prostitution has played a role in creating a market for those that believe anything goes when they visit Nevada. Unfortunately, buying sex with minors is sometimes on the wish list for visitors and, where there's demand, someone will always provide the supply. Banning prostitution will remove any doubt that this state is not a place where young people are a commodity to be bought, sold and sexually exploited.

I would like to offer my personal support and that of the foundation. If I can lend my voice, please let me know when and where.

In freedom!
